PROFILE

I am a front-end web developer with 700+ hours of coding experience. My business acumen coupled with my technical skills make me a strong candidate for companies that are focused on developing premium experiences for users and clients. My UI-driven, AODA compliant, and clean code approach to building products is an asset that can be taken to new heights with the right team. In this rapidly growing industry, let's work together to make your products stand out.

CAREER SUMMARY

Content Migrator

Havas Toronto | September 2021 (4 week contract)

- Completed issues on dotCMS (hybrid headless CMS).
- Navigated Figma for approved design.
- Referenced approved copy for the site through gatherContent.
- Maintained consistent communication between the design lead, content migrators, front-end developers, and the project manager using Microsoft teams and Slack.
- Attended daily stand-ups and reported the status of Jira issued tickets and outstanding bugs.

Fitness Coach, Founder

Bad Mom Studios | July 2019 to November 2020

- Developed fitness programs for mothers and women in their mid 30's to early 40s.
- Implemented marketing strategy based on consistent feedback from clients and A/B testing for email and Facebook campaigns.
- Grew the company from 10 to 60 clients in 6 weeks.
- Successfully pivoted into an online business starting in April 2020.
